

Human Creatine Kinase MM Isoenzyme (CK-MM)

CATALOG NUMBER:	A178
SOURCE:	Human Muscle
PURITY:	Single MM band with no other isozyme bands by SDS-PAGE.
FORM:	50% glycerol solution with 50mM Tris, 2mM DTT, pH 7.5. Product is 0.2 micron filtered and vials are aseptically filled.
SPECIFIC ACTIVITY:	1012 U/mg protein
STORAGE:	Store at 2-8°C
INTENDED USE:	For Research Use Only. Suitable for use in immunoassay development or other applications.
